## EDUCATION

### GRT Institute of Engineering and Technology

Bachelor of Computer Science with Honors in Cybersecurity , **CGPA:8.4**

Tiruttani, India

2022 – 2026

## EXPERIENCE

### UI/UX Designer Intern

*Trio Devs*

Jan 2025 – June 2025

Coimbatore

- Learned advanced structural designing with wireframe and plugins.
- Built a prototype of “Thread,” an Instagram-like application.
- Led a team and delivered the project on time, achieving 100

### Application Development Intern

*National small industries corporation*

Dec 2024 – Jan 2025

Chennai

- Utilized various plugins and tools to develop a smart and reliable application to reduce workload of a project by 30
- Created custom applications and plugins to automate repetitive tasks and streamline internal project workflow.
- Collaborated with teams to consistently deliver high-quality output ahead of deadlines.

## PROJECTS

### AI GPA Recognizer

*ML, Full stack Development, Python*

Apr 2025

- Developed a web application for calculating GPA based on GRTIET College and Anna University results.
- V1 Supported automated result processing for GRTIET College.
- V2 Added image recognition ,improving result generation speed by up to 200%.

### Techinta, Study platform

*Full stack Development, TailwindCSS*

Feb 2025

- Enhanced a React application optimized for responsiveness, achieving 10x speed over traditional CSS.
- Created a modular, animated UI with dynamic routing & page transitions for an engaging user experience.
- Ensured cross-device compatibility and fast load times with clean component architecture.

### Threads Application

*Figma, Adobe Photoshop, UI/UX*

Aug 2024

- Designed a social media prototype with 85% accuracy.
- Crafted scalable components to facilitate seamless upgrades and enhance performance by 40%.
- Increased user content engagement and readability with high quality UI materials and structure.

## SKILLS

**Languages:** Java, Python, JavaScript

**Databases:** MySQL, MongoDB

**Tools:** Git, GitHub, VS Code

**Web Dev:** React, HTML, CSS, Node.js, Flask, Express

**Cloud/DevOps:** AWS, Docker

**Design:** Figma, Canva

## CERTIFICATIONS

AWS Cloud Practitioner

Computer Networks (NPTEL)

Python (GUVI)

Google Cloud Study Jams

Java (Coursera)

–

## COMPETITIVE PROGRAMMING

- Solved 250+ problems with 200+ contest rating. Strong foundation in DSA.

## ACHIEVEMENTS

- Winner: First Prize in multiple college symposiums for Paper/Project Presentation, Coding, and Quizzes.
- Runner-up: ICP-WCHL 25 by Internet Computer, recognized for AI-driven projects.

## VOLUNTEERING

- Core Member: Event Manager, Google Developer Student Club (managed 320+ students).
- Volunteer: Registration Committee, TEXPO'24 departmental symposium (managed 1.2k+ entries).
- Organizer: Cybersecurity club BUG SQUASHERS (manages 100+ students).
